## **PERTH AMBOY PUBLIC SCHOOLS TO IMPLEMENT 21 TECHNOLOGY PROPOSALS**

*District transforms classrooms into 21<sup>st</sup> Century Learning Centers*

*Perth Amboy, NJ* – Over the next several months 21 technology proposals will be implemented and equipment will be delivered to our schools to enhance our ability to provide students with the kind of preparation needed to thrive in the 21<sup>st</sup> century global economy.

The district has earmarked \$150,000; an allotment granted to us from the American Recovery and Reinvestment Act of 2009. Perth Amboy Public Schools have undertaken a thorough process to determine which proposals were chosen based on innovative ideas and a well-planned outcome of technological integration.

*“This equipment will provide technology based opportunities to motivate creative, collaborative, digital teachers who are skilled at solving real-world problems and to prepare students for the 21st century workforce,” stated John M. Rodecker, Superintendent of Schools.*

Here is a summary of the Technology Equipment Proposals:

28 teachers will be involved with implementing 21 proposals that have been selected. A total of \$150,000 of equipment will be purchased; such as,

- Digital Microscopes
- Graphing Calculators
- iPod Touches
- SMART Boards
- SMART Tables
- Netbooks

- Macbooks
- Podcasting Equipment
- Tablet PC's
- Projectors
- Digital Cameras
- E-books
